Sir:

RECEIVED

SEP 03 1999

Publishing Division

IN THE CLAIMS:

5. (Twice amended) The method as claimed in claim [1] 4 further comprising the step of hermetically sealing the two panes of glass.

REMARKS:

In the amendment filed by applicant of 11 March 1999, claim 5 was amended incorrectly to depend on claim 1. This amendment is to correct the dependency of claim 5 to claim 4. As seen in claim 4, "two panes of glass" are introduced therein and it is obvious that claim 5 should depend on claim 4 as it deals with the sealing of the two glass panes.

The issue fee has not yet been paid in this application.
